

SPACE POP INFORMATION

Space Cake is a popular form of cannabis-infused pastry known for its potent effects. It contains a controlled amount of marijuana, typically 0.50 grams, and is often consumed as an alternative way to experience the effects of cannabis. However, it is important to note that inexperienced users are advised to exercise caution and consider refraining from consuming space cake. Below you will find important information and guidelines regarding the use of space cake.

1. **Contains 0.50 grams of marijuana:** Space cakes are prepared with carefully measured amounts of marijuana. The typical dosage per space cake is 0.50 grams of marijuana. However, this amount may vary depending on the preparation method and individual preferences of the producer.
2. **Advice for inexperienced users:** Due to the potency of space cake and the longer time it takes to be absorbed and processed compared to other forms of cannabis consumption, inexperienced users are strongly advised not to eat space cake. It can be difficult to predict the exact strength and duration of the effects, and lack of experience can lead to uncomfortable or even undesirable experiences.
3. **Waiting time between consumption:** If you choose to consume space cake, we recommend waiting at least 60 minutes before using marijuana or hashish again. This is because the effects of space cake take longer to kick in and can be more intense than with other forms of consumption. It is important to be patient and wait before taking further doses.
4. **The management is not liable:** The use of space cake carries certain risks. Despite our best efforts to ensure the dosage and quality of our space cakes, individual users' reactions may vary. Therefore, the management is not liable for any adverse effects, discomfort, or unforeseen events that may result from the use of our space cakes.

Disclaimer: Please note that our space cakes may contain traces of nuts, soy, wheat, and milk. If you are allergic to any of these ingredients, we strongly advise against consuming our space cakes. Always read the ingredient list carefully before consuming a space cake to prevent possible allergic reactions. **Closing remark:** Space cake can provide an enjoyable experience for those familiar with cannabis and its effects. However, it is of great importance to be responsible and enjoy it in moderation.
